

REVS ENTERTAINMENT GROUP
COVID 19 SAFETY PLAN – updated 11/21/20

Safety Plan

We have identified important areas to focus on to ensure to the best of our abilities the safety and health of all of our Team Members and Patrons in the facility.

Section 1: Occupancy, Distancing, Contact Tracing Eliminations & Control

- A. In the bowling area only odd numbered lanes will be in use i.e. 1, 3, 5 etc to ensure there is more than adequate safe distance between groups. Whenever possible groups are to assigned to each lane as far away from one another as possible
- B. We will not take reservations at this time. Reason being it reduces the amount of people in the building waiting to access their lane(s) thus we will be a walk-in bowling centre only until further notice
- C. Walk-in groups will be assigned to a lane at a maximum of 5 persons. These groups must not intermingle with other persons/groups in the facility (maintain and only socialize in their own “pod” of a maximum of 5 persons). Groups larger than 5 will not be permitted to bowl
- D. Groups must only contain members of the same household (maximum 5 people) or core bubble (maximum 3 people).
- E. Contact Tracing lists of clients to be maintained & kept on file for a minimum of 30 days. Contact information to be collected for one person per group
- F. To help maintain physical distancing we will operate at no more than 50 patrons
- G. Team Members to monitor and patrol concourse to monitor patron’s behaviour. As required they are to ask patrons who are not in compliance with Provincial Health guidelines or our house policies to amend their behaviour. In the event the patron(s) does not comply, they will be asked to leave the centre.
- H. Music volume level to be no louder than at a conversational level as per Provincial Health guidelines

Section 2: Physical Barriers, Practices and Engineering

- A. Plexi glass barriers have been installed in high volume contact areas i.e. front desk check-in and to separate our Team Members and Patrons
- B. Team Member mask use is mandatory in all public areas of the centre and recommended to be worn at all times.
- C. Customer mask use while in our facility is mandatory
- D. Significant safety signage and floor directional markings have been placed throughout the facility
- E. Touchless hand sanitization stations are positioned throughout facility for Patron and Team Member use
- F. Team Members have been required to review and acknowledge appropriate Covid-19 Safety protocols including but not limited to: not coming to work when they feel ill, frequent hand washing, mask use while in public areas, cleaning practices of high touch areas etc.
- G. Team Members are required to do an *active screening* when entering the building. Prior to coming to work, they should be doing a self-evaluation based on government guidelines.

Section 3: Procedures, Protocols & Guidelines

- A. Enhanced Cleaning and disinfecting protocols including sanitization schedules of high touch areas and bathrooms.
- B. Cleaning & Sanitization of Bowlers areas including seating, tables, touch areas and bowling balls between each group.

C. All team Members have been trained and informed of all policies regarding appropriate personal hygiene practices and safe work conduct. These policies have been implemented and communicated to all team members.

Section 4: Personal Protective Equipment (PPE)

- A. All Team Members will be provided masks if they do not have their own.
- B. Rubber gloves will be provided for applicable areas of use

Section 6: Scheduled Cleaning/Sanitization

- A. High Touch Areas will be sanitized on a frequent basis. Bathrooms will be cleaned on a half hour basis
- B. Debit terminals after each use (in the event the client elects not to use credit/debit card tap function)
- C. Business landline phones will be cleaned at a minimum of every 30 minutes.
- D. Thorough Sanitization will be done nightly on all touch areas nightly
- E. Rental Shoes sanitized between uses with Health Canada approved sanitizer

Section 7: Team Member Conduct & Policies

- A. Employees are not to report to work when sick. They are to alert their supervisor accordingly to arrange coverage for their shift
- B. Upon arrival the team member is required to wash their hands and at an interval of no more than 30 minutes thereafter. Ample hand sanitizer wipes available throughout their shift
- C. All Team Members have been instructed to avoid physical touch, maintain distancing wherever possible and wear their mask while on shift.
- D. Team Members are expected to adhere to all cleaning policies and procedures.
- E. Team Members are required to do an *active screening* when entering the building. Prior to coming to work, they should be doing a self-evaluation based on government guidelines.
- F. Designated screeners will conduct the screening test.
- G. Team Members will have signed a Health & Safety Protocols document which will be kept on file
